

Want to Build a Authentic Career?

Career Directions Workshop

The Workshop Includes

- > Understand factors affecting your career
- > Design a realistic career path and purpose
- > How to remove barriers that hold you back
- > How to reduce career stress
- > Birkman Method Assessment report
- > How to create positive intention

About the Workshop

The workshop uses multiple assessment methods and allows participants to examine all factors that effect their career satisfaction. The Birkman Method Assessment is an in depth detailed report specially design for career decisions. The Birkman provides personal insight like no other assessment for career decisions. The workshop process will provide participants with outstanding insights into what drives their career choices, how to get their needs met and manage the barriers that hold careers back. Participants walk out with many new ideas and career strategies that allows them to make excellent career decisions. The presenter Shawn Price incorporates loads of added value with a engaging entertaining style and delivers practical advice and strategies. Shawn is a registered provisional Psychologist has a Bachelor of Education, Grad. Dip. Psychology and Post Grad. Dip. Psychology.
